

Buyer Prequalification

Caneel Capital can prequalify you in about one day. We will present you with a letter of opinion of your creditworthiness. This letter can then be sent to brokers or owners, which will immediately let them know you are a serious candidate and have the ability to view the prospectus on the listed business. This will save you time by not having to submit information for their review, and also safeguard your credit and personal information. Show that you are prepared and are considerate of the seller's valuable time by getting prequalified with Caneel Capital. By spending a few minutes with one of our experienced business finance consultants you will have a better understanding of what size businesses you should be exploring, what size down payment will be required, and what type of personal assets will be used as collateral. We can provide guidance in evaluating the businesses you're considering. Let us help screen your potential acquisition target and help structure your best deal. You can begin today by downloading and returning the forms below. Get prequalified TODAY.

Along with the information below we prefer to have a brief conversation on prospect businesses.

- 1) Your personal financial statement which can be downloaded on CaneelCapital.com. Please attach verification documentations.
- 2) Your resume
- 3) Your credit report. You can download a free version at annualcreditreport.com. Please save this as a PDF to be emailed. You will need to buy the credit score portion. Caneel Capital can do this for you for a small fee.
- 4) Signed release / authorization at the bottom of the business loan application or the personal financial statement.

Let brokers know that you're serious about buying a business by handing them your signed letter coming directly from Caneel Capital.
